**DETAILED ACTION**

***Response to Amendment***

Amendments and response received April 13, 2009 have been entered. Claims 1, 3 and 5-7 are currently pending in this application. Claim 3 has been amended. Amendments and response are addressed hereinbelow.

***Drawings***

1. The new drawings were received on April 13, 2009. These drawings are accepted and entered into prosecution.

***Claim Rejections - 35 USC § 112***

In light of the amendment to claim 3, examiner withdraws previous grounds of rejection.

***Allowable Subject Matter***

2. Claims 1, 3 and 5-7 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any subsequent prior art which teaches a method of rendering text in an image forming device comprising receiving a user specified font sharpening threshold, said user-specified font sharpening threshold being a separate value from a text size; determining the user-specified font sharpening threshold is a predetermined value and preventing said text from being rendered with a high frequency halftone screen; when the user-specified font sharpening threshold is not the predetermined value, overriding a previously established font sharpening threshold and substituting said user-specified font sharpening threshold; comparing said text size value to said user-specified font sharpening threshold; and determining which halftone screen is to be used for said text based on an outcome of said comparison. In addition, Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any subsequent prior art which teaches a printing system comprising a user interface for entering a user-specified font sharpening threshold and a raster image processor which implements the method as indicated above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
